

Stephex Group is a family business based in Meise. In addition to equestrian sports and trading, we are also active in the event and automotive sector. We are market leader in the construction of exclusive horse trucks, 2-horse trucks and motorhomes. Our extensive dealer network allows us to serve customers throughout Europe and beyond. Stephex has an excellent reputation for quality and user-friendly design that reaches far beyond the Belgian borders.

To support the significant growth, Stephex Group is currently looking for reinforcement in the Stephex Service team within the workshop in Merchtem.

### **ELECTROMECHANICAL ENGINEER**

#### **Job Description**

Are you a crack at electricity? Are you enthusiastic and would you like to dive into the electricity and techniques of horse trucks and motorhomes? Then we have a challenging and varied job for you!

#### **Responsibilities**

As an electrician, you will be responsible for maintaining and repairing our horse trucks and motorhomes on a daily basis. From detecting electrical failures to repairing creaky doors in our workshop in Merchtem or on location. You are the person who makes sure that our customers can drive around with their horse truck and enjoy their motorhome without any worries.

- Troubleshooting and repairs
- Repair electricity and water supply
- Air conditioning and heating repairs
- Maintenance of horse trucks and motorhomes

#### **Requirements**

- Knowledge of electromechanics is a must!
- You have experience in automotive engineering and auto mechanics.
- You have knowledge of general engineering skills (HVAC, 24/12 volt systems and inverters, etc.).
- Knowledge of TIG welding is a plus.
- Able to work alone and in team, diagnose and troubleshoot.
- You think and act solution oriented.
- You have a sense of responsibility and an eye for detail.
- You speak and write Dutch perfectly, knowledge of French and English is a plus.

Offer

- We offer you a full-time contract of indefinite duration.
- You will receive a competitive salary supplemented with eco cheques and hospitalization insurance.
- You will work in an international environment.
- You work daytime hours and are part of a rotation system in which you are also responsible for on-call duties.
